## APPENDIX A UN IPSAS Training Courses

| Description:   | Training Status |
|--|-----------------|
| Instructor-led Training (ILT) material   |                 |
| ILT-1: Accrual Accounting under IPSAS - The Basics                             |                 |
| ILT-2: Accrual Accounting under IPSAS - Beyond The Basics                      | Delivered       |
| ILT-3: Accounting for Property, Plant and Equipment                            | Delivered       |
| ILT-4: Accounting for Inventories  |                 |
| ILT-5: Accounting for Employee Benefits - The Basics and Beyond                | Delivered       |
| ILT-6: Accounting for Leases   |                 |
| ILT-7: Accounting for Provisions, Contingent Liabilities and Contingent Assets |                 |
| ILT-8: Accounting for Intangible Assets  |                 |
| ILT-9: Accounting for Financial Instruments                                    |                 |
| ILT-10: Advanced Topics in Financial Reporting                                 | Delivered       |
| ILT-11: Preparing Accrual-Based Financial Statements                           | Delivered       |

# Computer Based training (CBT) courses

| CBT-1: Orientation to IPSAS  | Delivered |
|--|-----------|
| CBT-2: Accrual Accounting under IPSAS - The Basics                             | Delivered |
| CBT-3: Accounting for Property, Plant and Equipment                            | Delivered |
| CBT-4: Accounting for Inventories  | Delivered |
| CBT-5: Accounting for Employee Benefits  | Delivered |
| CBT-6: Accounting for Leases   | Delivered |
| CBT-7: Accounting for Provisions, Contingent Liabilities and Contingent Assets | Delivered |
|  |           |

| <b>APPENDIX B: Critical</b> | Implementation Steps |
|-----------------------------|----------------------|
| IPSAS A                     | doption              |

|      | IPSAS Adoption  |               |
|------|---|---------------|
| Sour | ce: UN System-Wide IPSAS Adoption Checklist   | GS/OAS Status |
| 1    | Governing Body approval for IPSAS adoption has been gained, including approval of an initial implementation timetable.  | Done          |
| 2    | An implementation budget has been approved.   | Pending       |
| 3    | A Steering Committee (or working group) has been established to oversee IPSAS implementation within the organization.   | Pending       |
| 4    | An IPSAS project manager has been appointed.  | Pending       |
| 5    | A fully staffed IPSAS project team is in place.   | Pending       |
| 6    | A detailed timetable and project plan for IPSAS implementation has been prepared and approved<br>by the project steering committee.   | In process    |
| 7    | A staff training needs analysis, in relation to IPSAS, has been completed.  | Pending       |
| 8    | An IPSAS training plan for relevant staff has been prepared and approved by the project steering committee.   | Pending       |
| 9    | IPSAS training has begun.   | In process    |
| 10   | A communication plan to ensure that all groups (internal and external) affected by IPSAS adoption will receive relevant information about IPSAS in a timely manner has been approved by the project steering committee.   | Pending       |
| 11   | The IPSAS communication plan is operational and relevant IPSAS adoption information is being disseminated.  | In process    |
| 12   | An assessment has been done to determine the extent to which the organization's accounting and computerized information systems will require up-grade/replacement in order to capture accounting transactions and other information required by IPSAS reporting in a timely manner. | Pending       |
| 13   | A timetable for ERP (information systems) up-grades necessary to adopt IPSAS has been approved.   | Pending       |
| 14   | The necessary budget for ERP (information systems) upgrades has been approved.  | Pending       |
| 15   | All IPSAS and relevant IFRS/IAS have been reviewed and their expected impacts identified.   | In process    |
| 16   | Those accounting transactions and balances that may be materially impacted as a result of the   | In process    |

16 Those accounting transactions and balances that may be materially impacted as a result of the<br/>transition to IPSAS have been identified and analyzed.In process

## APPENDIX C: GS/OAS IPSAS IMPLEMENTATION TIMELINE

|  |   | Status     | 2007-2010 | 2011 | 2012 | 2013 | 2014 | 2015     |
|--|---|------------|-----------|------|------|------|------|----------|
| Policy and Transition Study, Change Management, System Requirements      |   | <u> </u>   | 2007 2010 | -011 | 2012 | 2010 |      | 2010     |
| Governing Body approval for IPSAS adoption obtained                      | * | Done       |           |      |      |      |      |          |
| Implementation budget and timetable approved                             | * | In process |           |      |      |      |      |          |
| Funding received   |   | Pending    |           |      |      |      |      |          |
| Steering Committee established   | * | In process |           |      |      |      |      |          |

| ERP modifications (if any)   |   | Pending    |           |      |      |      |      |          |
| Test ERP modifications   |   | Pending    |           |      |      |      |      |          |
| Test business process changes  |   | Pending    |           |      |      |      |      |          |
| Develop pro forma financial statements                                   |   | Pending    |           |      |      |      |      |          |
| Adoption year  |   |            |           |      |      |      |      |          |
| Closing balances year prior to adoption                                  |   | Pending    |           |      |      |      |      |          |
| Opening balances of adoption year  |   | Pending    |           |      |      |      |      |          |
| Prepare IPSAS compliant financial statements                             |   | Pending    |           |      |      |      |      |          |

### APPENDIX C: GS/OAS IPSAS IMPLEMENTATION TIMELINE

|                                  | Status  | 2007-2010 | 2011 | 2012 | 2013 | 2014 | 2015 |
|----------------------------------|---------|-----------|------|------|------|------|------|
| Monitoring and compliance        |         |           |      |      |      |      |      |
| Post implementation support      | Pending |           |      |      |      |      |      |
| Periodic review of new standards | Pending |           |      |      |      |      |      |

#### Legend:

\* UN IPSAS Task Force identifies these as Critical Implementation Steps that should be completed two years before intended "go-live" date.

Expected timeline

Continuous review

# APPENDIX D: ESTIMATED IPSAS IMPLEMENTATION COSTS 2011 - 2015

|                                 |   |         | Estimated Costs |           |
|---------------------------------|---|---------|-----------------|-----------|
| Cost Components                 | Description   | 2011    | 2012-2014       | Total     |
| Staff                           | Research, Communication Strategy: 1 FTE for 3 years (compensated @ P01 level (79.4k))   | 80,000  | 248,000         | 328,000   |
| Consultancy Services            | - Project Manager: 0.5 FTE for 3 years (compensated @ P04 level(152.8k))  | 25,000  | 237,000         | 262,000   |
|                                 | - IPSAS Expert  | 25,000  | 100,000         | 125,000   |
|                                 | - BPR, Chart of Accounts redefinition, Policy and Procedure Writers:<br>2 FTE for 1.5 years (compensated @ P02 level (99.4k))           |         | 308,000         | 308,000   |
|                                 | - Actuarial Services  |         | 75,000          | 75,000    |
| Temporary Accounting<br>Support | Services to carry-out current functions for a 3-month period prior to "go live". Preparation of carry-forward balances. (4 FTE @ 35/hr) |         | 67,000          | 67,000    |
| Travel                          |   | 5,000   | 20,000          | 25,000    |
| Training                        | Roll-out of new policies and procedures at all OAS locations  | 15,000  | 160,000         | 175,000   |
| Other                           | Office Supplies   | 2,000   | 12,000          | 14,000    |
| Total                           |   | 152,000 | 1,227,000       | 1,379,000 |

#### Note:

Excludes the cost associated with time spent by current OAS personnel on implementation.
